Dear Nancy,

Well Kitten, I got a very pleasant surprise at Mail call yesterday when I got your letter. I was very glad to hear from you and will try to answer your letter. Are you still working at the Wyoming Candy Company? What are you doing there? Did your job at Rode Rosdels materialize or not?

Do you still see very much of Ruth Garrett? What is she doing these days? Does she say much to you? I haven't heard from her since last January. I wrote her a letter to tell her I received her graduation picture but that I didn't like the way her hair was

fixed, I liked it much better the way it was when I left, and I guess she got sore about it. I still have your picture and I like it a lot. What are you singing in the choir. Will the choir secure this summer or not?

How does it feel to be in High School now. I'll bet you make a darned pretty sophomore. Did you go to the ninth grade Prom, who with?

I'm glad to hear about your nice sunny weather. I'm sorry I can't say the same. But the main thing is that I have my health which makes me fine. I am assigned to the lieutenant's tank in my platoon and really have a keen crew. Everyone of us are over six

ttt

feet tall, except one guy who is
about five and one half feet tall.

My radio is in perfect condition and
I am going to keep it that way.

Tell everybody hello, especially
Mrs. Boice and give her my love.

Write again soon. I remain,

Your loving brother,
Frankie
